We promote the delivery of high quality homes within carefully created landscape designs. We are always keen to engage with the community about how we can ensure that the best proposals are developed for the site and so we welcome constructive comments and suggestions.

We are holding an exhibition to provide an opportunity for members of the public to view and give feedback on the proposals.

Following the exhibition, our team will then present our proposal at a Development Control Forum which will be held at 18:00 on Tuesday 17th April 2018 at the Havant Borough Council Public Service Plaza PO9 2AX.

We are keen to work with the community to make this the best scheme possible. Please join us at either or both events.

Land and Partners are in the process of preparing a planning application for the development of land to the North of Long Copse Lane, Emsworth, that is allocated in the draft local plan. The proposals will provide up to 260 homes and public open space, in accordance with Policy H6 of the Draft Havant Borough Local Plan 2036.
