

**Shoresearch** is a volunteer scheme to identify animals, plants and habitats along our local shoreline. The aim of the project is to build up a baseline of data around Sussex to help promote its conservation.

## **Chichester Harbour (Thornham Point) Tuesday 22nd August**

Shoresearch is open to all volunteers -  
under 18s must be accompanied by an adult

Attendance is free-of-charge but we request you get in touch  
beforehand so we know to expect you
